

JUUNOO

**FAST, AESTHETIC
AND CIRCULAR
GLASS WALLS.**

acoustic values up to 37(-1, -4) dB for single glass and 52(-2,-5) dB for double glass

single and **double** glazing options in 66.2 and 88.2

circular: fully reusable in other setups and compatible with any possible wall (even if it is not a JUUNOO wall)

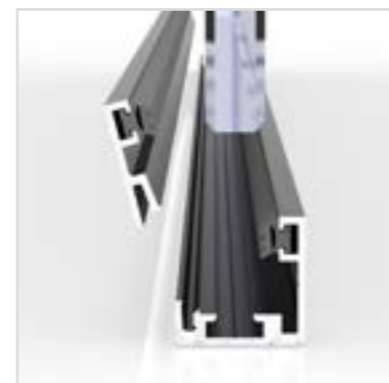

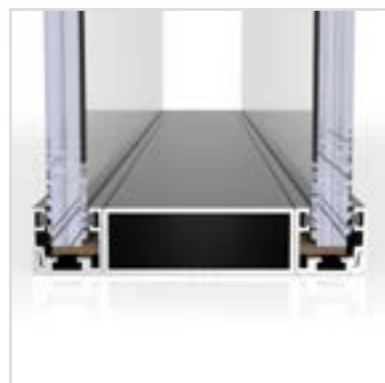

clean design without visible sealing rubber

compatible with glass or solid **doors**

cashback guarantee: no longer able to use the walls? We buy them back at a fixed price!

choose from an anodized **glass profile** or a glass profile in powder coating (black and white possible).

JUUNOO GLASS WALLS

The system consists of standard glass panels combined with the flexible JUUNOO wall system. This ensures a lower cost, faster delivery time and makes it possible to reuse the glass. Customization is possible on request.
